

Marieke Delannoy

Certified Laban Movement Analyst, Registered Dance Therapist (SRVB), and Registered Somatic Movement Educator and Therapist, has been applying the Laban Bartenieff Movement System in dance therapy with individuals and groups, performance/choreography work, movement education for actors, dance education and teaching dance therapy students. Her newest application field is teaching Physical Therapists to apply dance elements in their work. She completed her CLMA in Berlin in 2009, assisted in the following programs, and then became a teacher in the Eurolab programs. Besides her dance/movement related work, she is also a registered Mindfulness trainer.

Katharina Conradi

Katharina Conradi is a Certified Movement Analyst, Master Dance Therapy and Registered Somatic Movement Educator and Therapist. She works for many years as a choreographer and dancer in the Netherlands and abroad. Her creative work includes dance movies, intercultural projects and site-specific performances. Katharina

teaches at the University of the Arts CODARTS in Rotterdam and at the Academy for Dance and Theatre in Amsterdam. She also works internationally as a teacher for somatic and creative practice in different settings.

She worked in clinic practice as a dance therapist in Psychiatric Centre Delta in Spijkenisse and has her private practice where she offers dance therapy, supervision and somatic coaching to clients and artists.
